CORN PRODUCT DATA

STINE® **9213-G** BRAND

Relative Maturity Range 85 - 87					
Harvest Population Wide Row Narrow Row 105% 110%	<i>GDU</i> 2190				
Glyphosate Tolerant Yes	Glufosinate Tolerant No				

Stine 9213-G brand corn is a proven winner with excellent performance across the board. It features outstanding agronomics, which take this line to the top of the yield curve. Plant it at higher populations to achieve optimum results.

- · Consistent high yields
- · Widely adapted across early northern markets west to east
- · Very good root structure, plant health and intactness

PLANTING RECOMMENDATIONS

DISEASE RESISTANCE

Gray Leaf Spot	7	Goss' Wilt	8	Sand	R	Wide Rows	R
Southern Leaf Blight	7	Anthracnose	8	Loam	Н	Narrow Rows	R
Northern Leaf Blight	9	Common Rust	9	Clay	R		
Eye Spot	9
