SOYBEAN PRODUCT DATA

STINE® 48EE20 BRAND

Although not as branchy or showy as other Enlist E3 soybeans, 48EE20 brand is an excellent choice for top-end yields. These genetics work across multiple soil types, with the tendency to put a good pod cluster on top with heavy podding on the main stem. Good against sudden death syndrome and early-season diseases.

DISEASE RESISTANCE

Phytophthora Very Good IDC/Salt Average SDS SWM

Stem Canker Resistant Frogeye Leafspot Susceptible Root Knot Nematode Susceptible
